PALS

Building the Bridge Between Home and School

Does your child have trouble with reading, writing, attention, or organization? Is school a daily struggle? Do you have questions about the special education process? Are you struggling with the implementation of your child's I.E.P.? Do you need additional resources or help for your child? Whether your child is in pre-school, elementary, middle school, high school, or recently transitioned, we invite you to attend PALS meetings. We provide resources and opportunities to speak with other parents who listen, discuss, and lend support about learning issues related to your child's educational needs.
